

## **D'Cinnamons - Ku Yakin Cinta**

Kudatang mencari satu alasan  
Tuk menepis semua keraguan di dalam hatiku ini

Benarkah bahwa cinta mampu mengobati  
Segala rasa sakitku ini  
Ingin kupercaya, ingin kupercaya

Kau bilang cinta selalu mengerti  
Kau bilang cinta tak salah  
Kau bilang cinta kan saling percaya

Kukira kutakkan mampu sadari  
Ketulusuan cinta yang sempurna dibalik  
Semua kekurangan ini

Namun denganmu  
Kutau cinta kan mengobati segala hampa hatiku ini  
Kini kupercaya, kupercaya

Kuyakin cinta slalu mengerti  
Kuyakin cinta tak salah  
Kuyakin cinta kan saling percaya

Yakinlah cinta selalu mengerti  
Yakinlah cinta tak salah  
Yakinlah cinta kan saling percaya

## D'Cinnamons - Mayday, I'm In Love

I can't eat even I want to  
I can't sleep, what's wrong with me  
I can't think (*maybe you're in love*)  
Yes maybe I'm in love

I can't tap even i want too  
I can't slide, what's wrong with me  
I can't strum (*maybe you're in love*)  
Yes maybe I'm in love

Mayday, mayday, I need some help!  
It feels burning inside of my head!  
Don't look at me, don't stare at me and don't laugh  
Please stop me cause I think I'm in love

I can't move,even i want to  
Can't hide it, (*what's wrong with you?*)  
Couldn't wait no longer (*maybe you're in love*)  
Yes I think I'm in love

Mayday, mayday, I need some help!  
It feels burning inside of my head!  
Don't look at me, don't stare at me and don't laugh  
Please stop me cause I think I'm in love

Mayday, mayday, I need some help!  
It feels burning inside of my head!  
Don't look at me, don't stare at me and don't laugh  
Please stop me cause I think I'm in love

My mind is full of you  
Get out! Get out of my head!  
But wait, I don't really mean it  
Come back! Come back!  
God! What's wrong with me?

Mayday, mayday, I need some help!  
It feels burning inside of my head!  
Don't look at me, don't stare at me and don't laugh  
Please stop me cause I think I'm in love

Mayday, mayday, I need some help!  
It feels burning inside of my head!  
Don't look at me, don't stare at me and don't laugh  
Please stop me cause I think I'm in love

## D'Cinnamons - Loving You

Ring Ring! It's you again  
Heart Pops!  
I loved to hear you  
It's been all day I've been waiting for you

Hello, you call my name  
So much story you shared with me  
You said a lot to me about girls, oh it's so nice  
And every beauty thing they did to you  
Don't stop and tell me more

Loving you, it hurts sometimes  
I'm standing here you just don't bye  
I'm always there you just don't feel or you just don't wanna feel  
Don't wanna be hurt that way  
It doesn't mean I'm giving up  
I wanna give you more and more and more

Knock, knock you came around  
Heart pops!  
I loved to see you  
It's been 2 years since I'm in love with you

Bum! Bum! You break my heart  
You said "Girl, I'm in love with her"  
But it's all right I'm still alive  
Yeah, yeah?  
And all the beauty thing she did to you  
Don't stop and tell me more

Loving you, it hurts sometimes  
I'm standing here you just don't bye  
I'm always there you just don't feel or you just don't wanna feel  
Don't wanna be hurt that way  
It doesn't mean I'm giving up  
I wanna give you more and more and more

And when I see that smile upon your face  
Deep in your eyes you had it all  
And when I hear you super electrical voices

Loving you, it hurts sometimes  
I'm standing here you just don't bye  
I'm always there you just don't feel or you just don't wanna feel  
Don't wanna be hurt that way  
It doesn't mean I'm giving up  
I wanna give you more and more and more

## D'Cinnamons - Supergirl

It's not suppose to feel  
It's not suppose to be like this  
I'm not what I used to be

So that I can't breath  
So that I can't be myself  
Strong when I'm alone

I'd try to get you out of my mind  
And many times I try to step on the ground  
But shades of you, taste of you, smell of you  
Spinning on my head  
Going crazy just because of you

Take me out of here  
Take me out of here  
From I'm not myself, not I used to be  
Yes, I am strong, I used to be a supergirl  
Well, I just miss being me

So long, I've blame myself dreaming but you  
I don't wanna stop, coz I hate to be alone  
Just tell me, where you are

I'm looking for you at many places  
Never bored asking people 'bout where you are  
Hey don't you dare treat me like  
You don't know me

Now you're out of my world  
Don't know where to find you

Take me out of here  
Take me out of here  
From I'm not myself, not I used to be  
Yes, I am strong, I used to be a supergirl  
Well, I just miss being me

That's strong little girl  
Don't wanna be alone  
You control me, you control me  
You control me, you control me  
The way you are makes me don't wanna go  
Won't be alone anymore  
You control me

## **D'Cinnamons - Tak Takut**

Kadang kadang kusesali  
Saat-saat bersamamu  
Berkali-kali kukembali  
Yang ada hanya kucemburu  
Tak mau lagi, tak mau lagi  
Jalan denganmu  
Tak ingin lagi, tak ingin lagi  
Aku denganmu

Ku tak takut kehilanganmu  
Ku tak takut sendiri lagi

Angan-angan kuberlari  
Jauh jauh dari mu  
Lama-lama kusadari  
Aku bukanlah untukmu  
Ku tak tau mencintai sebegitu sulitnya  
Tak ingin lagi, tak ingin lagi  
Aku denganmu

Ku tak takut kehilanganmu  
Ku tak takut sendiri lagi

Ku tak takut kehilanganmu  
Ku tak takut sendiri lagi

**D'Cinnamons - I.M.U.L (I Miss U Love)**

I got your message an = a )  
It's sign of little smile to me from you tonight  
I made a replay a : a capital P  
It's a wind of teasing eye from me to you tonight

It's already late tonight, I can not go to sleep  
I tried counting sheep and lambs, didn't work  
I miss you dear too much

I wanna send you another message  
I.M.U.L for the word I Miss You Love  
Sleep tight, sweet dreams, my love

It's getting too hard to sleep  
The feelings just not right  
My mind is so full of you  
Got to see you and show you how I feel

I miss you love  
I can't believe it  
It's only been one day  
But I miss you love

I miss you love  
I can't believe it  
It's only been one day  
But I miss you love

## **D'Cinnamons - Good Morning**

See the sky, so clear, so cold  
Feel the spirit of brighter day today  
Hear the green says, so peace, so calm  
Feel the peacefulness and hopefulness today

Good morning  
Good morning  
Good morning  
I love you

Hear the voices, they're singing for you  
They said about hopefulness and happiness today  
Fell the wind touch your soul  
So deep, wake you up

Good morning  
Good morning  
Good morning my love  
I love you

But suddenly  
There something disturb all of peacefulness  
There something destroy all of happiness

I never wanna let go this beautiful day  
They're making sound  
They're making smell  
Disturb me, disturb me

Good morning  
Good morning  
Good morning my love  
I love you

## D'Cinnamons - Semua Yang Ada

Jauh hari kumerasa  
Kau nanti pasti jadi milikku  
Tlah terjadi semuanya  
Kuyakin kau nanti disisiku  
Tak peduli apa kata yang lain  
Hati ini hanya ingin dirimu

Dan kini maafkan aku  
Terlanjur ingini, terlanjur sayangi semua yang ada  
Sudikah kau terima aku  
Terlanjur sayangi, terlanjur ingini semua yang ada

Kuterima putusanmu  
Tak akan ku tak akan menyesal  
Ku akui kupaksakan  
Ku bukan manusia sempurna  
Tak peduli apa kata yang lain  
Hati ini hanya ingin dirimu

Dan kini maafkan aku  
Terlanjur sayangi, terlanjur ingini semua yang ada  
Sudikah kau terima aku  
Terlanjur sayangi, terlanjur ingini semua yang ada  
Di dalam diri

Andaikan kubisa  
Berpaling dari dirimu  
Lemas hati ini  
Jika ku harus memilih lagi

Andaikan kubisa  
Berpaling dari dirimu  
Lemas hati ini  
Jika ku harus memilih lagi

Dan kini maafkan aku  
Terlanjur ingini, terlanjur sayangi semua yang ada  
Sudikah kau terima aku  
Terlanjur ingini, terlanjur sayangi semua yang ada

Dan kini maafkan aku  
Terlanjur sayangi, terlanjur ingini semua yang ada  
Sudikah kau terima aku  
Terlanjur sayangi, terlanjur ingini semua yang ada  
Di dalam diri

## D'Cinnamons - So Would You

We've get along together  
And I should have known  
You're the best that I could love  
Until now it's hard for me to face it  
Why didn't we meet each other sooner

I left them all behind you, only for you  
Would you believe it  
I put my trust on you  
But deep inside I realized  
That I can't, no I can't  
They were all my brother  
My cry and happiness

So would you let me be myself  
Reach all my dreams and hopes  
I know you're known me better  
I know you love me, you do  
You're eyes says more than anythings  
That's really means to me  
Darling would you now  
Would you set me free

I left them all behind you, only for you  
Would you believe it  
I put my trust on you  
But deep inside I realized  
That I can't, no I can't  
They were all my brother  
My cry and happiness

So would you let me be myself  
Reach all my dreams and hopes  
I know you're known me better  
I know you love me, you do  
You're eyes says more than anythings  
That's really means to me  
Darling would you now  
Would you set me free

So would you let me be myself  
Reach all my dreams and hopes  
I know you're known me better  
I know you love me, you do  
You're eyes says more than anythings  
That's really means to me  
Darling would you now  
Would you set me free

**D'Cinnamons – Selamanya Cinta (Album Cintapuccino)**

Di kala hati resah  
Seribu ragu datang memaksaku  
Rindu semakin menyerang  
Kalau lah kudapat membaca pikiranmu  
Dengan sayapan harapanku ingin terbang jauh

Biar kawan pun gelisah  
Daun-daun jatuh berguguran  
Namun cintamu kasih  
Terbit laksana bintang  
Yang bersinar cerah menerangi jiwaku

Andaikan kudapat mengungkapkan perasaanku  
Hingga membuat kau percaya  
Akan kuberikan seutuhnya rasa cintaku  
Selamanya, selamanya

Biar kawan pun gelisah  
Daun-daun jatuh berguguran  
Namun cintamu kasih  
Terbit laksana bintang  
Yang bersinar cerah menerangi jiwaku

Andaikan kudapat mengungkapkan perasaanku  
Hingga membuat kau percaya  
Akan kuberikan seutuhnya rasa cintaku  
Rasa cinta yang tulus dari dasar lubuk hatiku  
Tuhan jalinkan lah cinta  
Bersama, selamanya

Andaikan kudapat mengungkapkan perasaanku  
Hingga membuat kau percaya  
Akan kuberikan seutuhnya rasa cintaku  
Selamanya, selamanya  
Selamanya, selamanya
